Re: One-time request for 30-day extension to store hazardous waste on-site
EPA ID NUMBER ORQ000030450

Dear **Ex. 6 PP / Ex. 7(C)**

The Oregon Department of Environmental Quality (DEQ) received Tetra Tech's email of November 14, 2018, requesting a one-time 30-day extension to complete disposal of hazardous waste abandoned at 6308-6310 North Marine Drive, Portland, Oregon by SoloPower Systems when they terminated occupancy. The 90-day storage limit for a large quantity generator would expire on December 4, 2018.

DEQ staff met with you, **Ex. 6 PP / Ex. 7(C)** with Trammel Crowe, and **Ex. 6 PP / Ex. 7(C)** with Colliers International on site on September 26, 2018. Your team represented the property owner, LIT Industrial, which has hired Clean Harbors to assist with proper waste identification, management, and disposal.

DEQ understands this extension is needed to allow LIT to finalize characterization and disposal of the hazardous wastes remaining after the November cleanout. LIT is in the process of notifying DEQ as the current facility operator. DEQ has reviewed the request and approves this one-time 30-day extension.

If you have any questions, please contact me at **Ex. 6 PP / Ex. 7(C)** or Jay Collins at **Ex. 6 PP / Ex. 7(C)**

Sincerely,

Audrey O'Brien
Hazardous Waste Manager
Northwest Region
